Merchant Refund and Return Guidelines

1. Standard Return Window: Customers have the right to return physical items within 30 days of receipt for a full refund, provided the item is in its original condition.

2. Digital Goods: Digital goods, software, and downloadable content are generally non-refundable once accessed or downloaded, unless proven to be defective.

3. Return Shipping: Unless the item is defective or 'not as described', the customer is responsible for return shipping costs.

4. Refund Processing Time: Once a returned item is received by the merchant, the merchant must process the refund within 5-7 business days. It may take an additional 3-5 days for the funds to appear on the customer's statement.

5. Item Not As Described: If a customer claims an item is 'not as described', they must provide photographic evidence. If verified, the merchant must provide a prepaid return label and a full refund.

6. Restocking Fees: Merchants may charge up to a 15% restocking fee for items that are returned opened but not defective. This must be clearly stated on the product page.
